Name/title of the event/activity

What type of activity was this?

Enter the number of hours/quantity for the activity. One hour equals one credit. Credits will be capped.

Provide a description of the event/activity and the outcome.

How did this activity contribute to the development of your knowledge, skills or professional behaviours?

What has been the short and long term impact on your professional practice and patient care?

- How have your knowledge, skills and professional behaviours changed?
- How will your current practice change as a result?
- What aspects of your current practice were reinforced?
- What changes in your team/department/organisation's working were identified as a result?
- How will this activity lead to improvements in patient care and safety?

Outline any further learning or development needs, identified both for yourself and/or team/organisation. If learning and development needs have been identified how do you intend to address these? Set SMART objectives (i.e. Specific, Measurable, Achievable, Relevant and Time-bound). If changes in professional practice (individual or team/department) have been identified as necessary, how do you plan to address these?

Evidence

Upload
You can upload files to act as evidence for your activity. Files can be documents or images.
